aditic638@yahoo.com | +91 8299234209

## **Summary**

To work in an organization where I am able to contribute to the organization's growth and profitability with my skills. I seek an opportunity to gain exposure and expertise that will help me build a strong and successful career.

## **Education**

B.Tech in Biotechnology: K. M. C. Language University, Lucknow (Graduated 2023) | 84%  
12th Grade: Government Girls Inter College, Basti (2016) | 79%  
10th Grade: Government Girls Inter College, Basti (2014) | 85.8%

## **Skills**

Molecular Biology Techniques: \* Nucleic Acid Isolation PCR (Polymerase Chain Reaction)  
Electrophoresis and Gel Elution Western and Southern Blotting

## **Projects**

6-Month Dissertation: "Cloning and Heterologous Expression of nmr-A in E. coli" at the Regional Centre for Biotechnology (RCB), Faridabad (January 2023 - June 2023).  
Research Project: Biophysical characterization of Hydrogen Peroxide modified albumin.

## **Experience**

Technical Assistant: Translational Health Science and Technology Institute (THSTI), Faridabad (Started November 2023).

Industrial Training: Completed 45 days of hands-on industrial training at MRD Life Science Private Ltd., Lucknow

## **Certificates**

AWS certified

## **Languages**

english , hindi
